## CHOICE

All of our models come with high specifications and can easily be supplemented with various options to provide a bed that is built especially for you.

Our luxurious fabric range offers damasks to knitted stretch fabrics. Shallow and full-height bases have options for end or side drawers, wooden feet and headboards.

## TRUST

MiBed® mechanisms are robust, smooth and quiet, with built-in safety features complying with the highest UK and European standards.

Our simplicity mattress range includes memory foam, Reflex, latex, and pocket sprung, all made with expertise in the UK.

## VALUE

Offering exceptional design, choice and value for money, our MiBed® range is your passport to motion bed comfort and relaxation.

All products come with the Furmanac guarantee to ensure product satisfaction for years ahead.

The market leader in Adjustable Bed technology since 1968, our latest MiBed® range combines superior motion quality with over 50 years of upholstery and craftsmanship. With our entire bed range and mattress collections made exclusively in our factory in the heart of the UK, the result is **exceptional quality**, an **excellent choice**, with **extraordinary value**.

# SIMPLICITY Mattress Range

Made with subtly different designs that use a range of layers and handcrafted materials, each MiBed mattress is available in three different feels, from luxuriously soft to a firmer mattress that gives more support and will distribute your body weight more evenly.

You can be safe knowing that each one is not just handmade and quality inspected, but importantly tested thoroughly with this type of sleep technology by the UK's leading manufacturer of adjustable beds. Especially important with this type of sleep technology.

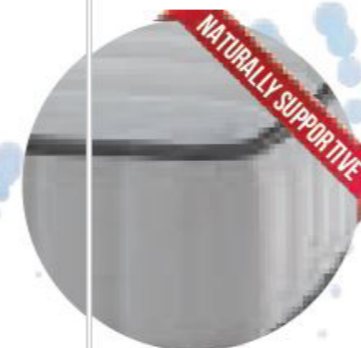

## NATURAL | collection

Our luxury handmade natural range of mattresses are made using pure materials such as wool, cashgora, and silk, which provide excellent support and comfort.

## POCKET | collection

Each of our pocket-sprung mattresses is created from hundreds of individual pocket springs, each sitting within its own fabric pocket.

## LATEX | collection

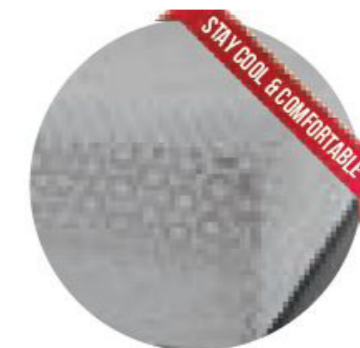

Our Latex collection is ultimately made from a truly innovative material derived from the sap of Hevea Brasiliensis, better known as rubber trees.

## MEMORY | collection

Experience weightlessness with space-age comfort, originated by NASA to absorb G-forces. Giving you orthopaedic and other health benefits, you sleep better and reduce tossing and turning by up to 80%.

**MEMORY HYBRID** gives you all the benefits above with the added comfort of pocket springs for added luxury.

## COOL GEL | collection

Keep cooler and enjoy a deeper, more comfortable sleep every night. This superb collection offers GelAir foam, infused thermal gels and deep quilted covers.

## HYLTON | specialist

Our entry-level mattress offers a superb 800ct pocket sprung unit with knitted panel fabric, fresh air ventilators, flag-stitched handles and a quilted straight-line design.

All Mattress Collections are available in Three Different Feels

SOFT

MEDIUM

FIRM

# NATURAL Collection

Our luxury handmade natural range of mattresses are all made using pure materials such as wool, cashgora, and silk. Each one provides excellent support and comfort while also being breathable and hypoallergenic.

Designed with a high number of individually pocketed springs combined with elegant hand-tufting, which provide optimal support for the body and help to minimise motion transfer essential with the MiBed range.

Bedside Cabinet: Kingham Fabric: Austin Graphite

# POCKET Collection

Each of our pocket-sprung mattresses is made from hundreds of individual pocket springs, each sitting within its own fabric pocket. By working independently, they provide excellent support, with each spring reacting to particular pressure areas depending on how you're lying.

Ultimately this gives you a healthier posture and relieves any pressure placed on your joints, giving you a deeper and more restful sleep.

Bedside Cabinet: Bethovan Fabric: Ronnie Beige

# MEMORY Collection

Experience weightlessness with this space-age comfort, originated by NASA to absorb G-forces.

Memory foam eases aching joints, pains and pressure points, maximising comfort and support for your neck, shoulders and legs by moulding itself to your contours. It gives you orthopaedic and other health benefits, so you sleep better, and it reduces tossing and turning by up to 80%.

# LATEX ON POCKET Collection

Our Natural latex collection is ultimately made from a truly innovative material derived from the sap of Hevea Brasiliensis, better known as rubber trees. They are grown in sustainably managed plantations around the world.

Latex continues to be one of the most eco-friendly mattress fillings on the market. Promoting healthy air circulation with its unique cell structure Latex contains natural anti-allergenic, anti-bacterial and anti-microbial properties. Natural movement during the night works to ventilate the mattress, keeping both you and your bed at a consistent and comfortable temperature.

# MEMORY HYBRID

Our memory hybrid mattress consists of natural materials that work in harmony with our pocket spring technology to create the most supportive, comfortable and pressure-relieving mattress made by an expertise that extends to over fifty years.

Our specially designed outer cover provides a naturally luxurious and breathable surface, while airflow and temperature regulation are at the core of the memory hybrid mattress, helping with the comfort of individual pocket springs. Perfectly weighted support with three different feels, the longevity of performance is guaranteed through our extensive testing up to 25 stone.

# DRAWER options

End drawer sizes are as follows:

Bed Size:	End Drawer Width:
2ft 6in	385mm
3ft Standard single	535mm
4ft	805mm
4ft 6in Standard double	955mm

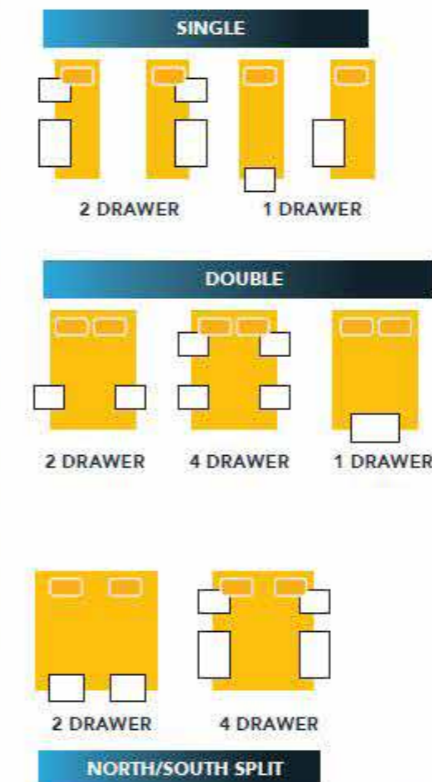

## Side drawers:

Continental for only 2ft<sup>6</sup>, 3ft and 3ft<sup>6</sup> Beds  
 North/South split for 5ft and 6ft beds  
**Head:** 535mm width    **Foot:** 805mm width  
*First draw is positioned 19cm from the head base.*

Small drawers, East/West split: 4ft, 4ft 6in  
**Head:** 535mm width    **Foot:** 535mm width

All drawers have a standard 140mm height and 570mm length.

## DIMENSIONS

All beds have a standard length of 6ft 6in (200cm), and are available in the following standard widths:

- 2ft 6in (76cm)
- 3ft (91cm) - Standard Single
- 3ft 6in (107cm)
- 4ft (122cm)

**Please note:**

- 4ft 6in (137cm) - Standard Double
- 5ft (152cm) - Standard King Size
- 6ft (182cm) - Standard Super King

5ft King Size or 6ft Super King beds:

*You can either choose two single mattresses or have the bed as a one-piece mattress.*

*Two single bases will be linked.*

- 4ft and 4ft 6in Double: Bases have a double motor with a single action, single occupancy only.
- 4ft and 6ft Bases on legs come as one surround.
- Special lengths are available on request.

All drawers have a standard 140mm height and 570mm length.

# ADVANCED UPGRADES

## Cot Sides

Our cot sides help prevent the user from inadvertently rolling out of bed. Made from quality chromed metal, this product supports the highest of safety features and testing.

## Side Retaining Clip

This secures the mattress in place and reduces movement while the bed is in use.

## Massage Unit

The ultimate in luxury. Pulse / Wave / Constant massage options available.

## Knock Down

*For houses with limited access*

Our **2ft 6in** and **3ft beds** can be cut in half - known as Knock Down or KD - so they can be installed upstairs without any difficulty.

A KD bed arrives in three parts - the mattress and two base halves which have the adjustable actions bolted inside them.

*Our 4ft and 4ft 6in bases are east/west split, so only the action will be cut in half.*

# OPTIONAL EXTRAS

## Synchronise

a pair of 2ft 6in or 3ft

If you have a 4 part surround with a pair of 2ft 6in beds (as a 5ft bed) or a pair of 3ft beds (as a 6ft bed), you can synchronise the motors so the adjustable motion applies to both mattresses.

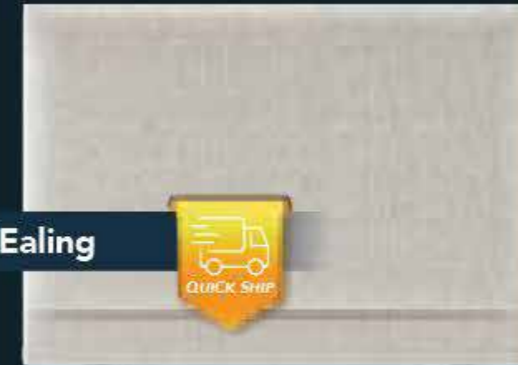

You can also use this option if you have a one-piece 5ft or 6ft mattress.

# HEADBOARD Collection

To perfectly complement your chosen MiBed®, add any of our headboards in the same matching fabric. All our headboards are in standard bed widths and made to order here in the UK by our expert upholstery team.

They are all on struts or have a full-height option, except for the Denton, Jackson, Kingston, Lawrence, Littleton, Penzance and Roma, which are only on extended legs.
