INTRODUCING
HIGH LOW BASE

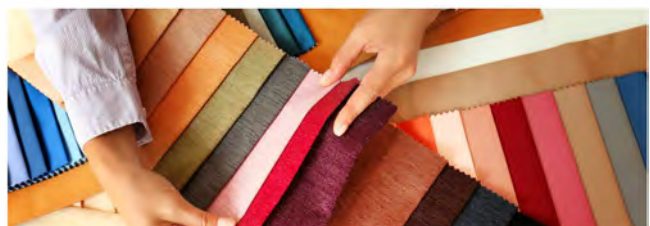

Looking for ultimate comfort and versatility? A high-low adjustable bed offers customisable height and positioning, making it perfect for individuals seeking mobility support, medical care, or enhanced relaxation. With an easy to use remote control and whisper-quiet motors, this bed seamlessly adjusts to your ideal position. Elevate your lifestyle with a bed designed for comfort, health, and convenience, all while supporting proper spinal alignment and reducing pressure on joints. Ideal for elderly care, people with limited mobility, or anyone looking for personalised comfort.

SPECIAL FEATURES

- **Height Adjustability:** Easily raise or lower the bed for safe and comfortable access, making it ideal for elderly or those with mobility-challenge.
- **Customisable Positions:** Adjust the head and foot sections independently to find the perfect sleeping, sitting, or reclining position for comfort and health benefits.
- **Whispering- Quiet Motors:** High-quality motors ensure smooth, noise-free adjustments without disturbing your rest.
- **Easy to Use Remote Control:** Intuitive remote allows you to effortlessly control all adjustments for height, head, and foot elevation.
- **Health Benefits:** Improves circulation, reduces pressure points, and supports proper spinal alignment, ideal for those with back pain or other health conditions.
- **Sturdy & Durable:** Built with high-quality materials to support different body weights and ensure long-lasting durability.
- **Optional Massage Feature:** Some models come with built-in massage functions to help relieve muscle tension and promote relaxation.
- **Other Size Options:** Available in 3 sizes and different height legs.
- **Adjustable Base Compatibility:** Compatible with a wide range of mattresses, including memory foam, latex, and hybrid mattresses.
